

TRADEMARK[®]
Ride Easy. Rest Assured.

Eliminate the hassles of refrigerated LTL shipping.

Take the Trademark Way.

Once a shipment leaves your dock, you don't want to think about it. With Trademark, you no longer have to worry.

With over 25 years of experience, we've mastered the details of coordinating multiple pickups and deliveries while maintaining critical temperature requirements.

Our Quality Management System has been ISO 9001:2008 certified! We have an exacting set of standards in place to help make sure your shipment is delivered on time, intact, no surprises. The result is that you look good to your customers.

Whether it's a weekly shipment or a complete logistics solution, Trademark offers LTL services that save time, increase cost efficiencies and eliminate typical problems managing refrigerated LTL traffic.

Discover how our superior customer service separates us from the competition.

On Time. Intact. No Surprises. It's the Trademark Way.

On Time

Reliable on-time service is one of the reasons our customers love working with us. Pooling and distributing small, widely scattered shipments requires precise orchestration.

- >> Trademark load coordinators continually track each shipment
- >> We keep freight moving even when the unexpected happens
- >> Our routes are designed with built-in flexibility
- >> We anticipate the unpredictable and can instantly respond to changing needs

Intact

We deliver your product in the exact condition it was shipped by providing an unbroken chain of cold.

- >> Trademark's Product Protection Program keeps your shipment at the proper temperature at every stage, loading, cross docking, over-the-road and unloading
- >> Our load coordinators and drivers follow an exacting set of procedures to verify proper handling
- >> Calibrated temperature devices continually monitor temperatures
- >> Temperature-controlled storage facilities keep your products cold during transfer

No Surprises

There's nothing worse than having your customer find out something unexpected happened before you do! That's why we avoid it. To handle tough, LTL challenges, communication is key.

- >> Our quality management system is designed to keep you informed all the time, ahead of time
- >> Each customer is assigned a single point of contact
- >> Your customer service representative understands every detail of your shipment upfront
- >> You receive updates and confirmations along the way
- >> No surprises for you, no surprises for your customer

Trust your shipment to the LTL specialists.
